

Guillermina Rising

My name is Guillermina Huerta. I was a lawyer in Mexico, but I came to San Jose to escape violence.

I've been working in the fast food industry for almost 9 years.

I had to live in transitional housing, but I finally got to rent an apartment.

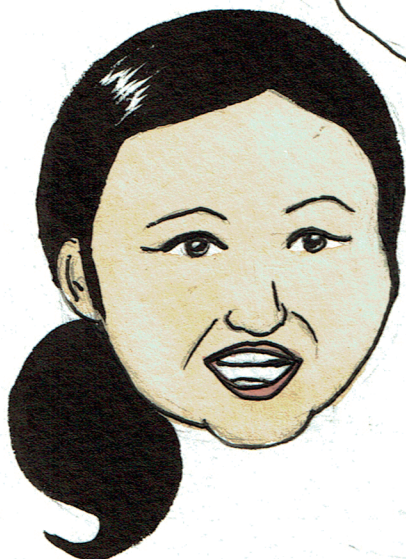

I am fighting to stay in San Jose.

I am fighting for my daughters.

Will you join us in ensuring that Google will be a good neighbor to the people of San Jose?

We believe...

- Google should take responsibility for its impact on gentrification, displacement, and homelessness.
- This project should create real opportunity for our families.
- We should have a real voice in how projects like this will affect us.
